

## Continuous improvement process (CIP) with Jira and Confluence – easy and effective

Lasting commercial success requires processes and offers to be permanently improved. The CIP includes the constant search for improvement potential as well as measures that increase your enterprise's competitiveness. When the CIP is finally established in your employees' consciousness, they can make progress with all improvement processes in various ways. Thanks to Jira's flexible configuration, the CIP can quickly be implemented and easily be integrated with other business processes – not least thanks to its integration with Confluence and Grape.

### Atlassian functionality concerning the CIP

- ▶ interface to contribute ideas for improvements at any time and by anyone involved in the process
- ▶ configurable workflows to realize all kinds of CIP requirements
- ▶ integration with Confluence for documenting changes and improvement suggestions in a common wiki
- ▶ integration with a messaging system for a direct communication e.g. when employees have queries

### Our services for your CIP with Atlassian

- ▶ consulting concerning licensing and acquisition of your Atlassian licenses
- ▶ consulting and support from piloting to roll-out
- ▶ installation and implementation of Atlassian products
- ▶ masks, arrays, and workflows adjusted to your requirements
