Innovative idea management with Jira and Confluence

Creative employees and imaginativeness represent an enormous potential for every enterprise. Because of a lack of contact persons someone to convey the ideas to and unstructured processes, good ideas and suggestions often get lost. For the success of every enterprise's idea management, your employees' participation can often be key. An employee wants to realize his ideas in a quick and uncomplicated way and be able to retrace their current status at any time. With the aid of Jira and Confluence, the exiting but often unused potential of your employees can profitably be used.
